

***A thuistí dhíl,***

I have put together a time table for next week for your child. It is not prescriptive and please do not put pressure on yourselves to complete it.

You all have the list of sight words that you can continue to work on. The words can also be put into sentences at this stage.

As it is Easter spend plenty of time talking to your child about Easter and the vocabulary that goes with it.

Play time is very important for your child and so this should be incorporated daily into the routine.

Lots of writing and sums also.

I have attached a small booklet for your child to complete including decorating Easter eggs and 3 pages of Maths. The children must put the pictures in order and number them 1-3. This is the first step in understanding time.

Any questions please email me and I will get back to you shortly.

***Míle buíochas***
