# Cúla4 ar Scoil

10a.m.TG4

Téama seachtain a hocht: An Timpeallacht

## Dé Luain

- GAEILGE Ó BHÉAL- (Naíonáin - R2)
- EOLAÍOCHT- (R3 - R6)
- MATA - (Naíonáin)

## Dé Máirt

- MATA - (R1 & R2)
- GAEILGE Ó BHÉAL - (R3 - R6)
- TÍREOLAÍOCHT - (R3 - R6)

## Dé Céadaoin

- LÉITHEOIREACHT - (Naíonáin - R2)
- MATA - (R3 & R4)
- EALAÍN - (Naíonáin - R2)
- LÉITHEOIREACHT- (R3 - R6)

## Déardaoin Dé hAoine

- TÍREOLAÍOCHT - (Naíonáin- R2)
- CORPOIDEACHAS- (R3 - R6)
- MATA - (R5 & R6)
- SCRÍBHNEOIREACHT- (Naíonáin - R2)
- DRÁMAÍOCHT - (Naíonáin - R2)
- GSPS - (R3 - R6)
- SCRÍBHNEOIREACHT- (R3 - R6)
- EOLAÍOCHT - (Naíonáin - R2)

Téama na seachtaine seo chugainn: Bia

# CLÁR OIBRE/SCHOOL WORK PLAN

**MÚINTEOIR: Jo [Lynne]**

**RANG: Naíonáin Shóisearacha**

**Seachtain/Week 8/6 – 12/6/2020**

**TÉAMA/THEME: STEM SA BHAILE/STEM AT HOME**

	Luain 8	Máirt 9	Céadaoin 10	Déardaoin 11	Aoine 12

<b>STEM SA BHAILE</b>		<b>Féach an Greille STEM– See STEM Grid for full details</b>			

A Thuismitheoirí agus a Pháistí,

Tá súil agam go bhfuil sibh fós go maith! Go raibh maith agaibh for the work uploaded to date. It is lovely to see it.

**Aladdin Connect:** I'm sending out all of the suggested work on Aladdin Connect. You can contact me through Aladdin Connect (through the notice board) and I will get back as soon as possible.

**Cúla 4 ar Scoil- TG4 @10am gach lá.** The programme is 30 minutes and I would ask that you make a special effort to watch it and participate. This will really benefit the children's continued engagement with Gaeilge.

**Téama:** S.T.E.M. (Science, Technology, Engineering, Maths). For all of those little engineers, mathematicians and scientists this is a week for investigation and exploration.

Féach an Greille S.T.E.M. - see S.T.E.M. Grid for full details.

Above is an outline of work for the week 8ú-12ú Meitheamh. Tá súil agam go mbeidh sé cabhrach! I hope it is helpful.

### **Nótaí Foghlama- Learning Notes**

**Gaeilge:** We hope children can maintain contact with Gaeilge while learning from home. They were reaching a fantastic stage of fluency ar scoil and this was achieved with your support!

**Sound of the week** (Revision of l, h and b) -Discuss the sound. Think of words with this sound. Practise writing the letter in the sky, in sand, on the table, on your hand, back, tummy using your finger. I have taken three pages from your child's school workbook for revision purposes. Say the word and ask if they hear the sound at the beginning, middle or end of the word. Tick the first, middle or last box accordingly. I have included English instructions and Irish vocabulary on the worksheets so I hope this helps.

**Léitheoireacht:** Shared reading continues this week with two interactive books. This week I have used resources from <https://www.cogg.ie/> this week, and included two books from the Leigh Anois link on the home page (Banda 1). The titles are:

Ar Maidin <https://www.leighanois.com/display3.php?articleid=58>

An Teach Mór <https://www.leighanois.com/display3.php?articleid=35>.

Other titles from the Banda 1 are suitable also and will help with your child's aural Irish, as is the shared reading resource previously used at <https://www.seideansi.ie/aiseanna-eile.php>. The children will be able to read some of the words themselves but will need adult input also.

**Scríbhneoireacht:** I have attached the scríbhneoireacht page to include phrases for the children to trace before they write. I would encourage you to encourage the children to remember and practise the 'spás méara idir gach focal' rule (finger-space between each word)!

**Mata:**

This week we are continuing with Airgead (money). Naíonáin Shóisearacha learn to name and recognise, combine and partition sets within 5c.

**Aistear:**

The theme of An Samhradh/ Summer starts this week and will continue for the month of June. This week it incorporates the school S.T.E.M. theme. Some simple suggestions for this week, as well as free play, include: create a Summer booklet, make fruit ice-cubes, go on a Rainbow Nature Hunt, and use 2D or 3D maths shapes to create some artwork. Ideas/ vocabulary are detailed below.

## Foclóir cuí d'Aistear

Is maith liom bheith ag súgradh.	I like playing.
Cuir uachtar gréine ort.	Put sun cream on you.
Tá hata orm.	I have a hat on.
Cá bhfuil mo spéaclaí gréine?	Where are my sunglasses.
Tá mé ag ól uisce mar tá an aimsir te.	I am drinking water because the weather is hot.
Féach ar na dathanna!	Look at the colours!
Tá na bláthanna ag fás (sa gháirdín).	The flowers are growing (in the garden).
Fuair mé bláth/ duilleog/ bóin Dé.	I got (found) a flower/ leaf/ ladybird.
Tá an nóinín bán; Tá cam an ime buí; Tá dath glas ar an bhféar	The daisy is white; The buttercup is yellow; The grass is green.
Sú talún, sú craobh, cúcamar	Strawberry/ raspberry/ cucumber
Is maith liom sú oráiste/ úlla/ anann.	I like orange/ apple/ pineapple juice.
Is maith liom uachtar reoite.	I like ice cream.
Tá an uisce reoite.	The water is frozen.

## Fruit Ice Cubes (Ciúbanna oigir torthaí)

You will need:

- An ice cube tray
- Fruit Juice ( we used orange and apple)
- Summer fruit/veg ( we used strawberries, raspberries, cucumber)

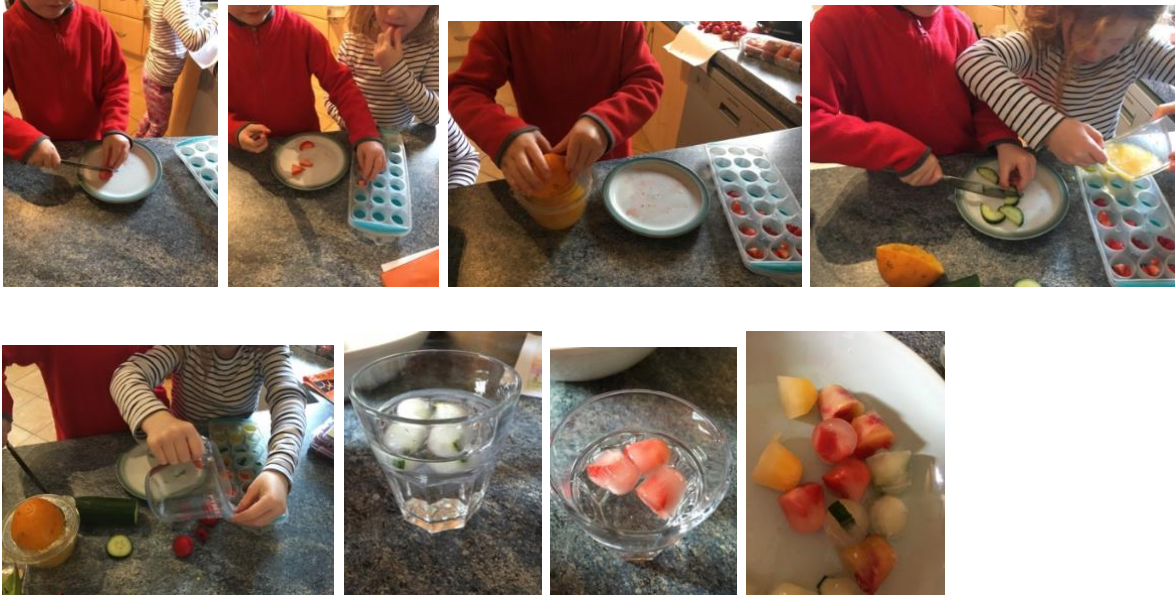

Half-fill ice cube tray with orange juice, put in the freezer until frozen.

Fill the ice cube tray to the top with apple juice and freeze.

~~~~

Chop the fresh fruit into small pieces and put them into the ice cube tray.

Fill the ice cube tray with fresh water. Put in the freezer until completely frozen.

Ealaín le cruthanna 2T agus 3T:

Dathanna sa dúlra:

# 77 Simple STEM Activities for Families

Take a walk in the backyard  
Go to a museum  
Buy something at a garage sale & take it apart  
Fix a broken toy (instead of throwing it away)  
Take a calculator to the grocery store & find the best prices  
Use a big cardboard box to create a rocketship  
Play a card game that involves numbers  
Play Connect 4  
Play Checkers  
Play Chess  
Get an old microscope & look at stuff  
Plant some seeds & record their growth  
Pop the hood & look at a car's engine  
Create your own board game  
Make the best LEGO car/building/ship ever  
Take pictures of nature & turn them into postcards  
Make slime or goo or oobleck  
Bake a cake or cookies from scratch  
Learn to recognize trees from their bark  
Learn to code games using Scratch  
Figure out how much paint is needed to paint a room  
Make a blueprint of your house  
Watch Mythbusters  
Make your own "Mythbusters"

Create a stop-motion video using LEGOS or clay  
Read a biography of a scientist  
Watch an episode of How Its Made  
Use a magnifying glass to search the ground for bugs  
Use a magnifying glass to start a fire  
Read the news & look for numbers  
Read the news & look for science  
Interview a Senior Citizen about their experiences with STEM  
Learn to use a compass (either kind)  
Make art using leaves  
Fix a bike  
Ask a friend who owns a business for a tour  
Do a science simulation on [www.phet.colorado.edu](http://www.phet.colorado.edu)  
Create something using [www.instructables.com](http://www.instructables.com)  
Search YouTube for "King of Random" and try one of his projects  
Watch Big Hero 6  
Watch Swiss Family Robinson  
Put together a puzzle  
Make your own puzzle  
Invent something  
Make a "How-To" video  
Have a paper airplane competition  
Play Yahtzee  
Visit an antique shop  
Build a survival shelter in the woods  
Go camping

Watch a sporting event and keep statistics  
Plant a garden  
Weed a garden & identify the weeds  
Go rock hunting  
Design & build mini boats to float down a river  
Visit a farm  
Start a business  
Build a solar oven & cook something  
Make a time-lapse video of something in nature  
Make a green screen video  
Play Monopoly  
Look at the stars  
Try origami  
Draw a picture using only circles, triangles, & rectangles  
Take pictures of all the shapes in your house  
Build something using popsicle sticks or pipe cleaners  
Count all the money in your change jar  
Learn to type  
Look for numbers while driving in the car  
Make a raft from empty water bottles & jugs  
Build something using pulleys  
Build something using gears  
Use a lever to lift something heavy  
Build an hourglass  
Weave something  
See who can cut out the most creative snowflake  
Build a Rube Goldberg Machine

Chris Woods @dailySTEM
